

UTIN25

2.5 Metre Medium Duty Tin Roof Mast

Data Sheet 121205

Main Features

- Robust mast designed for class-licenced or single licenced microwave antennas
- Designed for flat or corrugated iron roofs
- Hot-dipped, galvanized members with stainless steel hardware
- Two-axis mast feet to adapt to any roof angle
- Available with options of 2-4 support arms
- Designed & manufactured in Australia
- 3 year warranty

Dimensions

	UTIN25
Main Pole Diameter	48mm
Main Pole Height	2.5Metres
Support Arm Size	30mm x 30mm
Support Arm Length	3.0 Metres
Weight	18kg

Installation Notes

- Feet should be positioned along roof supports
- Feet are typically tek-screwed through into the roof supports. For added security they can be bolted.
- Pole clamps can be moved on the pole to allow best placement of the feet.
- Support arms can be shortened if required by re-drilling the single hole for the foot.
